Distance Educator- Training Educators of Adults in the digital age. Erasmus+ project

Distance Educator

About the project:

The project consortium has identified the need for the digital transformation of vocational educational and training and to improve and require new skills, competencies for educators and other adult education staff. The main aim of the project is to enhance the digital and teaching skills and competencies of the adult learning providers, VET providers, and educators, which are required in the digital age and allow them to face the multiple challenges needed for a Covid affected society. That's why the project answers the chosen field-specific priorities because the Training Educators of Adults in online distance learning enhances the quality assurance in vocational education and training

Target groups

The project focus is on two target groups:

- Educators, adult education staff, trainers, teachers, VET educators, and VET providers from Romania, Greece, Cyprus, Poland and Lithuania.
- Stakeholders, VET institutions, providers to education, consultants' companies, mentors.
